

**Mr. Dario PONG**

Council Member & Co-convenor of Working Group, The Better Hong Kong Foundation

Founder & Managing Director, Ferro Resources Ltd

Executive Director, Shiu Wing Steel Ltd

Mr. Dario Pong is the Founder and Managing Director of Ferro Resources Ltd. Ferro produces ferrite magnets and iron oxide at its Shanghai and Wuhan operations. It is one of the top five automotive ferrite manufacturers in the world. Ferro's La-Co ferrite enhances motor performance and has received various quality awards in Germany and Japan.

Mr. Pong is also an Executive Director of family-owned Shiu Wing Steel Ltd. For over 65 years, Shiu Wing has operated the only steel mill in Hong Kong, first in Junk Bay and now in Tuen Mun. Its high-quality steel bars are used in most infrastructure and private developments in Hong Kong, including projects such as the MTR, cross-harbor tunnels, Chek Lap Kok Airport and numerous real estate developments.

Prior to founding Ferro, Mr. Pong helped establish Bain & Company's Beijing Office in 1995 and was its first Resident Representative. He is also a former Non-Executive Director of ASX-listed Bisalloy Steel Group and a current Trustee of Princeton-in-Asia. At the Better Hong Kong Foundation, he is a Corporate Sponsor and Co-Convenor of the Working Group.

Mr. Pong graduated with an AB in Economics, magna cum laude, from Princeton University. His senior thesis was awarded the Walter C. Sauer Prize by the World Bank. After graduation, he obtained an Advanced Certificate in Economic Studies from Peking University. Since 1995, Mr. Pong resided in Beijing and Shanghai for 17 years. In 2012, he relocated with his family back to Hong Kong.
